Remuneration Code Pillar III disclosure

Year ended 30 September 2014

Paragon Bank PLC falls within proportionality level 3 and the Pillar III disclosure set out below has been prepared on this basis.

Governance

The Board of Directors of Paragon Bank PLC ('the Bank') has delegated the responsibility for oversight of its remuneration policy and the remuneration decision making process to its Remuneration Committee (Remco).

The Remco comprises three non-executive directors and is chaired by a non-executive director. The terms of reference for the Remco have been approved by the Bank's Board of Directors. The Remco's mandate is to:

1. Determine Remuneration Policy in relation to fixed and variable pay for employees;
2. Ensure that Executive Directors and Senior Executives of Paragon Bank PLC are fairly rewarded for their individual contributions to overall performance, having regard to the importance of retention, motivation, risk appetite and ensuring good customer outcomes are achieved;
3. Determine which employees are Remuneration Code Staff (Code Staff) for the purposes of the Remuneration Code. The Bank consider the following to be Code Staff:
 - i. Paragon Bank executive directors;
 - ii. Paragon Bank independent non-executive directors; and
 - iii. Employees performing selected roles which have significant influence on the firm's risk profile including selected control functions
4. Determine levels of fixed and variable pay for individual Code Staff and, as appropriate, for certain schemes, apply claw back;
5. Ensure that its decisions are consistent with an assessment of the Bank's financial condition and future prospects and in the interests of its shareholder (The Paragon Group of Companies PLC) and other stakeholders; and
6. Monitor that the Bank is fully compliant with the requirements of the PRA/FCA's Remuneration Code.

Link between pay and performance

Fixed pay (salary and benefits) is primarily set taking into account market rates and benchmarks as appropriate. Variable pay is determined via a combination of longterm performance measures and individual performance ratings:

Long term business performance measures

The long term business performance measures are documented in long term incentive schemes which are operated and provided by the Bank's parent company The Paragon Group of Companies PLC, details of which are set out in the accounts of that Company and the Bank.

Individual performance ratings

Individual performance ratings are part of the annual review process and reflect individual contribution against personal objectives. Appropriate risk conduct is reflected in the annual performance objectives, and subsequent rating of the employee.
